

Taking Care of Our Most Valuable Asset

A pristine house (and yard) sells for more money. It also helps reduce stress, overwhelm and even neighborly disputes.

Boost your curb appeal

- Tidy your landscaping (lawn, hedges, trees, etc.)
- Pressure wash the exterior
- Maintain lighting, windows, shutters, doors and trim

Don't forget the inside

- Fix any squeaky doors, broken cabinet handles, etc.
- Do a deep clean
- Check and clean HVAC systems

94%

say it's important to have neighbors who maintain their curb appeal.
